Best Practice-II

Title: Digital Support Scheme

1. Objectives of the Practice

- a. To create awareness about online security and privacy terms among students.
- b. To spread awareness about various available online facilities.
- c. To solve any problems related to digital and online process.
- d. To motivate students for spreading digital awareness about online service information in society.

2. The Context:

As our college is located in the rural and draught area, our institute is practicing a best practice entitled as "Digital support scheme" which upgrades students and society through providing knowledge about digitalization. It aimed to promote inclusive growth in the areas of providing and awareness regarding digital services. This practice supports Digital India campaign implemented by central government of India.

3. The Practice:

The institute focuses on the Promotion of practices that are essential for upgrading knowledge about various available digital services under our digital support schemes like Online admission, Online exam form, Online scholarship form, Online account security help 24 x7, Registration of employment exchange and Online Adhar link and corrections. This year the seven days camp on employment exchange registration is organized for students from final year of bachelors and master degree. Under the scheme, the online registration is done on <https://rojgar.mahaswayam.gov.in> to enroll students on government website for employment exchange so that they may get digital notifications regarding new jobs opportunities. The second initiative which has been taken under the digital support scheme was an execution of informative program on online admission process which were held by displaying online admission process on notice board, guiding while applying for online application whereas.

4. Evidence of Success:

1. Many students have registered for employment exchange on Maharashtra Government website.
2. SOPs prepared for Online admission process helped student for online applications

5. Problems Encountered and Resources Required:

The lack of I.T facilities and un-compatible network band width.
